

# Moms Against Poverty

Changing the World, One Child at a Time

*Dear Sponsors, Donors, Friends, Volunteers, and Supporters,*

We are pleased to announce that Moms Against Poverty will be holding its **4<sup>th</sup> Annual Orange County Fundraising Gala** on August 12, 2017 at Hotel Irvine in Irvine.

Moms Against Poverty (MAP) is a 501c3 non-profit charity organization with a holistic and multifaceted approach to breaking the vicious cycle of childhood poverty. MAP's programs include **Education Empowerment, Hunger Relief, and Orphan Care**. Through our projects, we reach thousands of children facing neglect, malnutrition, poverty, abuse, natural disaster, disease, and disabilities, mainly in the U.S., Iran, Cambodia, India, and Africa.

MAP's newest and most significant milestone in its work in Iran, which is the recent opening of its first private orphanage in Kerman, is the embodiment of MAP's mission. This center will be home to 30 girls where each of them will be loved and cared for by professional and dedicated staff. A home where they will learn the importance of self empowerment through education; a home where they will be given the opportunity to secure themselves a brighter and safer future and hence break the very same cycle of poverty which landed them in the welfare system.

Through our education empowerment and hunger relief programs in the U.S., we provide nutritious food for children facing food insecurity so that they can attend school and learn. We offer before/after school education programs and library setups to help enhance the children's literacy development so that their academic performance improves. Thanks to your contributions in 2016, amongst others, MAP supported the Blind Children's Learning Center in Santa Ana and provided nutritious food to hundreds of children from low-income families in the Bay Area.

All of what we do has been achieved because of you and thanks to your contributions and support. Imagine all that we can yet accomplish, together!

MAP's 2016 annual fundraiser in Orange County was a huge success thanks to the attendance of over 330 people. We are grateful for the trust placed in MAP and its mission, and hope to host more members of the Orange County community at the upcoming gala.

We are reaching out to businesses and individuals willing to sponsor the fundraising gala through financial contribution or donating their time and services. In this new era of social responsibility, businesses are turning more and more to cause marketing as a win-win situation for everyone engaged. This is a mutually beneficial collaboration between you and MAP designed to promote your business and elevate your sales, as well as to promote our cause. We are pleased to offer four levels of sponsorship and, for our "Philanthropist Level" sponsor(s), the option to contribute in monthly installments. Please see the attachment for advertising opportunities through sponsorship.
